

WATT2Buy

The background of the slide features a photograph of a brick house with a large array of solar panels installed on its roof. In the background, several wind turbines are visible against a clear sky. The entire image is overlaid with a semi-transparent teal filter. On the right side of the slide, there are decorative geometric elements: a large circle with a smaller circle inside, and a series of vertical bars of varying heights at the bottom right, resembling a bar chart.
